

Toilet / Bathroom Cleaner

Product Information

Enzyme Wizard Toilet / Bathroom Cleaner is a concentrated formula specifically blended for removal of organic matter.

- Safely removes hard water and calcium deposits from all surfaces.
- Has a rapid penetrating action that breaks down all organics by using an organic salt (Ca).
- Eliminates odours by destroying the source of the problem.
- Replaces the need of using bleach in a washroom / bathroom environment
- Removes Biofilm that bacteria feed on, leaving a safer environment.
- Gentle for Allergies, Asthma & skin irritations

Features / Benefits

- Unique Multi function enzyme formula to break down all urine and organic matter inside toilet bowl.
- Contains no caustic ingredients – Won't damage surface of toilet bowl that becomes pitted.
- Formula includes Citric acid that is designed to remove all calcium and hard water deposits in and around toilet.
- Specially designed formula to adhere to toilet bowl surface by means of using a foaming spray head.
- Can be disposed of down drains, enzyme will carry on breaking down organic matter in drains.
- Can be diluted down to 10:1 and used as a general bathroom cleaner.

TOILET / BATHROOM CLEANER

Safely cleans and deodorises all toilet bowls, bidets or urinals including porcelain and stainless steel, glass, showers, baths, hot tubs.

- The enzymes in our Toilet / Bathroom Cleaner break down bowl grime into its basic elements. Carbon, hydrogen and other elements readily integrate with the environment instead of polluting it. Even mineral buildups like calcium and lime simply fall apart when our enzymes break down the organic 'glue' that holds it in place. Plus, our enzymes completely remove odours, leaving the room smelling fresh and truly clean without strong fragrances.

• **Complete Ingredients:** Water, Enzyme Wizard enzymes blended from plants, surfactant and non-essential fragrance.

• **Material Data Sheet:** Available on web site.

Enzymes - Nature's Toughest Cleaner

Toilet / Bathroom Cleaner

How to Use - General Cleaning :

1. Product comes as a ready to use formula.
2. Spray the inside of the toilet bowl liberally with product.
3. Scrub the toilet bowl surface as one would do normally with the toilet brush.
4. Flush toilet so as to rinse the surface.
5. Spray some of the toilet bowl cleaner onto the surface after cleaning so as to get extra cleaning action from the enzymes and this will also allow the fragrance to linger.

How to Use - Heavy Duty cleaning :

1. For Heavy soiled toilets spray the surface of the toilet bowl as well as the toilet brush.
2. Scrub the toilet bowl and allow the product to sit on surface for 3-5 minutes.
3. Continue to clean rest of bathroom
4. Once the whole bathroom has been cleaned flush toilet and spray some product onto surface to allow fragrance to linger.

Important Information:

- Start with a new toilet bowl brush when changing over.
- If toilet bowl is stained from the metals in the water it may take a little longer to work.
- Do not mix toilet bowl cleaner with any bleach based products as this will de-activate the enzymes
- Can also be used around the bathroom as a heavy duty cleaner to remove scale and lime off glass, tiles and taps.
- Can be used on an all surfaces around the bathroom.
- The product comes ready to use and does not need to be diluted.
- Can be used with Poly Quat sanitiser

What is Global GreenTag?

Global GreenTag is one of the world's most robust, trusted, and widely recognised eco-labels. They independently assure that every product is fitness tested and certified under their leading certification programs that use the world's best scientific methods.

EW achieved the highest level of GreenTag accreditation – PLATINUM & HEALTH RATE - PLATINUM

Why is the Global GreenTag certification important?

For Enzyme Wizard, it's important for us to join a growing list of leading manufacturers dedicated to the business of creating healthy and sustainable products and who submit our product claims to undergo robust, third-party product certification with Global GreenTag.

Having this third-party verification backs up our claims that we have Australia's #1 safest and most environmentally friendly cleaning products.

In Australia, Global GreenTag HealthRATE is recognised, under the Green Building Council of Australia (GBCA) Green Star® Tools, while globally (including Australia) the GreenTag PHD & HealthRATE together are formally recognised by the International WELL™ Building Institute. The WELL™ Building Standard is concerned with the impact health and well-being of buildings and therefore required products to be certified healthy. WELL Projects are in 112 countries.
