

Muck Off Graffiti Remover

Description

Selleys MUCK-OFF is a high strength cleaner specifically formulated for the removal of graffiti from a wide range of surfaces. It is a methylene chloride and NMP free formulation for safer usage

Product Information

Packaging	Size
Bottle	500mL

Uses

Suitable for removing water and oil-based paints from wood, stone, brick and painted surfaces.

Note: MUCK-OFF may remove paint (including Colorbond) beneath graffiti. Prior to use, test a small area. Some graffiti can penetrate surfaces and can only be removed by abrasive blasting.

Features

- Methylene Chloride Free
- NMP Free

Technical Details

Property	Typical Result
Colour	Clear liquid with yellow tint
Density	1.03
Indicative data only, not intended for preparation of specifications	

Directions for Use

1. Graffiti on unpainted surfaces:

Apply MUCK-OFF until the graffiti begins to run, and then scrub surfaces with a stiff bristled brush moistened with MUCK-OFF. Repeat if necessary. Rinse off with water.

2. Graffiti on painted surfaces: Apply MUCK-OFF to graffiti. Wipe off immediately with clean cloth moistened with MUCKOFF.

3. Repeat if necessary. Rinse off with water.

Tips

- Read label before use.
- Prior to use, test a small area.

Storage

Store in a well ventilated place. Keep cool

Limitations

Some graffiti can penetrate surfaces and can only be removed by abrasive blasting.
